A "CASTLE" ASSAULTED BY THE U. S. MARSHAL—RECORDS SEIZED.

[From the Columbus Journal, Oct. 9th.]

It has long been known that a gang of "Confederates," called "Knights of the Golden Circle," has been infesting the whole country. That they were working secretly in Ohio against the war and the Government has also been known. We have been in possession of their oaths, their grips, their passwords, and cipher for secret correspondence, for more than a month past. But knowing that the officers of the Government were upon their track, we refrained by request, from any publication of the documents that had come into our possession from a perfectly "reliable" source. The Marshal of the Northern District has now made a "descent" upon them—he assaulted one of their "castles" in Marion yesterday, and bore off a "commander" as a prisoner to the Cleveland jail.—Their records were also seized. The excitement in Marion is intense. Public indignation is aroused. But remember fellow-citizens, that the same vicious and treasonable organization is everywhere amongst us. The man Court, who was arrested, stated that there are nine hundred of them in Columbus! Arouse friends, and crush this villainous conspiracy against our country! Below are found the sworn statements upon which the Marshal made the arrest:

"I, Samuel Cheny, of Marion county Ohio, of lawful age, being first duly sworn, depose and say that on the evening of October 3d, 1861, I was at Carter's school house, in Green Camp Township, in said county, and with others present, being desirous of ferreting out and exposing a secret association known and distinguished to the uninitiated as "Knights of the Golden Circle," called one Peter Hopkins, who was present, out of said school house, and after some preliminary talk it was arranged that I should be initiated in regular form, said Hopkins informing me that he was a regular member; whereupon we proceeded to a wagon some little distance from the school house, and in said wagon I was duly initiated as a member of said association by said Peter Hopkins, he administering the oaths and giving the pass-words, signs, grips, etc., in good faith. The oath was taken in this wise, said Hopkins first repeating a part of the same at a time, and myself repeating the same after him. After said initiation, said Hopkins informed me of the names of a number of said association residing in the neighborhood, which names I for the present withheld. The oaths, signs, grips, pass-words, etc., are, to the best of my knowledge, embodied below, and are as nearly correct as I can recall them from memory. I am particularly positive that the parts in italics relative to *wading* in blood up to my knees to serve Jefferson Davis, are contained in the oath, and my memory is particular and distinct on this part of the subject, also as to the signs, grips, pass-words, etc. The oath as given is true in substance, if not in form, as I have to depend entirely on my memory for the same, and further saith not."

FIRST OATH.

"I do truly and solemnly promise and swear that I will not reveal any word, either directly or indirectly, of what I am about to receive, except it be to some true and faithful brother of this order, and not unto him or them until, after strict examination, I shall have found him or them as justly entitled to the same as myself am about to be, under the no less penalty of having my body severed in four parts; the first part cast out at the north gate, the second part at the south, the third part at the east, and the fourth part at the west gate. I furthermore promise that I will always hail and answer all signs and signals that are given me by a brother of this order, if in my power to do so; and I furthermore promise and swear that I will protect and defend all Constitutional Democrats, their lives, property and personal liberty from mob violence during this Southern insurrection, so long as they obey the laws of the U. S. A., let it come from whatever source it may; this obligation to be binding on me as long as the war shall last.

SECOND OATH.

"And I further promise and swear, in the presence of Almighty God and the members of the Golden Circle, that I will not rest or sleep until Abraham Lincoln, now President, shall be removed out of the Presidential chair, *and I will wade in blood up to my knees,* as soon as Jefferson Davis sees proper to march with his army to take the city of Washington and the White House, to do the same.—So help me God, and keep me steadfast to do the same."

The undersigned, under oath, state that we have read the above statement, and say that we were present and heard the oaths administered as statements therein are true.

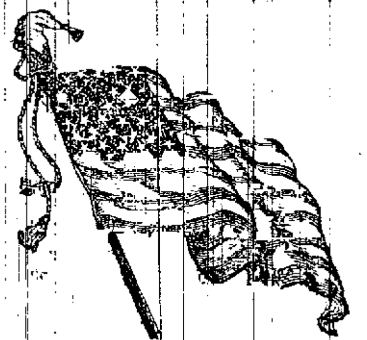
OFFICIAL PAPER OF THE CITY.



No flag but the Old Flag—the Red, White and Blue,
With the stars of a Union unbroken and true!
Arise and defend it! ye sons of the brave,
Whose blood bought the banner your valor must save

THURSDAY MORNING, NOV. 7, 1861

Knights of the Golden Circle.

We invite the attention of the people of Oregon to the article which will be found on the first page of this paper.

We have heard and read much of the Knights of the Golden Circle. The organization is known to exist in the Eastern States, in California, *and it is believed to exist in Oregon*. Its object is to destroy this government and build up a Southern Republic on the basis of human slavery. When that is accomplished its next object will be the conquest of Cuba, and such parts of Mexico and Central America as will be required for the extension of the slave empire. At present, however, its efforts are directed to the breaking down of the Government of the United States—knowing that, that accomplished, the establishment of the slave republic, or monarchy, as the case may be, will follow, and that, without the dissolution of this Union, its designs will fail. The first movement of the association is to break down the administration. They have, and still deem it important to place the President out of the way. This was the object intended to be accomplished in preventing his inauguration as President. They knew if there was no constitutional government in the United States—if anarchy ruled the hour—their ultimate designs would easily be effected. They had, as far as they could, broken up the government, under Mr. Buchanan. The inauguration of the constitutionally elected President arrested, and, they believed they had passed the crisis of their labors. In this they failed. It was a great failure. *They now know*, that while we have a constitutional government and the people rally around it, *they have little hope of success*. They are now persistently everywhere pursuing the same object—the breaking down of the President and the administration, morally and politically, to effect what they failed to accomplish in their first effort.

All these facts are well understood by the Union men of every party, Democrats and Republicans, in the Eastern States. Hence they rally around the administration as the Government on which they set their hopes. Such men as Caleb Cushing, Joseph Holt, Daniel S. Dickinson, and a host of other Democrats, stand shoulder to shoulder with the Union men of every party in support of the Government. They say there is now no other question before the people than that of sustaining the Government of our fathers or permitting the country to fall into anarchy and ruin—That was the dying declaration of Douglas; it is the living declaration of all the great leaders of the democratic as of the republican party—which are now, under this crisis of our nation's fate, the GREAT UNION PARTY OF THE REPUBLIC.

We know that a party exists which scouts the GREAT ISSUE, as thus presented. It is a party made up of the opponents of the Union and the Government. It is a party which is controlled in all its movements by sympathy with the South—by a design to prostrate the Government for the benefit of the South—and by the hope that in effecting this measure they will benefit themselves. Here they talk of the democratic party—when the democratic party in all the States is banded against them. In their papers they seek to impress upon the people the belief that the extracts they furnish from treasonable sheets—most of which have been suppressed by Government—speak the sentiments of our loyal people. Here on this far off coast, by a total misrepresentation of the democratic party in the Atlantic loyal States, they aim to produce the impression in the minds of honest, patriotic men, that the democratic party there are making war upon the administration. The elections in New Jersey, Pennsylvania, Ohio, Vermont, Maine, which have already taken place, present the true character of this infamous falsehood. The secession party of which the [illegible] party is the type here, have [illegible] in those States. The election in New York to be heard from, will show that the people there are true to the Union and Government, by a demonstration of the popular will which cannot be misrepresented.

The [illegible] opposition to Government and the administration is [illegible] kept up by an organization in California and many other States by members of a secret association, known as *Knights of the Golden Circle*.—They are scattered all about *us*. We may flatter ourselves that this is not so,—but discoveries which are constantly being made, show the truth of this declaration. Many of the leaders of this party opposing the Government here, *belong to that association*. Why else the persistent effort to misrepresent the measures of Government—to produce prejudice against it—to weaken the bonds of our national Union—to denounce the Government from one day to another as unworthy of the confidence of the people—as tyrannical, unjust, and calling upon their partisans to unite and destroy it—while in all time it utters not one word of condemnation against a rebellion without cause, and which is using the most unparalleled efforts to put down the best Government on earth.

We have seen the result of the efforts of just such presses and just such men as now control the Portland *Advertiser* in the elections of the Eastern States. The people there understand them. The verdict of public opinion there is just what it will be here when the question of *breaking up the Government* shall be submitted to the people.

We have a second letter from Gen. Tilton, of Olympia, in which he complains that we did not publish his first and that we did him injustice, inadvertently he believes, in stating that we were "sorry he felt a necessity for taking the oath of allegiance," &c. Now, in regard to publishing his first letter, we just considered that we had occupied enough of our columns in explaining his matters; and in regard to the latter point we do not—with due difference—think he has improved the case a great deal. He was wounded at Chepultepec and was entitled to a pension. He was informed by a circular that he must renew his oath of allegiance to get the money; which he did cheerfully before the first notary public he met. That is all there was about the oath—except that it was a pretty strong oath. Uncle Sam will not pass pensions except this formality is complied with. He is stringent upon that point—very.

CURRENCY.—The issue of Treasury notes will secure for us a valuable currency. It will be equal to the Bank of England paper—as good in one portion of the Republic as another. It will answer for exchanges and will prevent the necessity of transporting large amounts of specie. It will be more "precious than fine gold," for every note in circulation is aiding a righteous cause.

RAINS.—The Western States have suffered by most extraordinary rains, the present season. In Cincinnati, some streets were flooded and persons were drowned in the basements of houses. In Illinois, the rains were heavy and unparalleled, and the crops of matured grain were greatly injured. Oregon is now receiving a heavy installment of Fall rains, which are needed to raise the rivers and to put the ground in order for plowing.

OREGON CANDIDATES.—The San Francisco *Herald*, speaking of candidates for the late position of Colonel Baker, says:

"There is Benjamin Stark, a native of Connecticut, and there is ex-Governor George L. Curry, at present the editor of the Portland *Advertiser* (a Secession organ,) who was defeated in Convention by Whiteaker for the Gubernatorial nomination, and who has since been a candidate for the Senate, with very small chances of success. During the balloting for Senators at the last session of the Legislature, Governor Curry received a complimentary vote of twenty-five. He is a native of Massachusetts, a clever gentleman of moderate abilities. There is also John B. Reed, a lawyer of Jacksonville—a "fellow of infinite jest," a boon companion, a fair lawyer—a native of Pennsylvania. B. F. Mosher, of Douglas county, General Lane's son-in-law, a lawyer—native of Ohio or Kentucky. Rev. E. R. Geary, of Linn county, late Superintendent of Indian Affairs in Oregon—a native of Pennsylvania, (a brother of Col. John W. Geary, ex-Mayor of San Francisco, ex-Governor of Kansas, and now commanding a regiment on the Potomac,) a man of good abilities, something of a divine, but more of a politician. M. P. Deady, United States District Judge of Oregon, would, we think, get the appointment if he would have it. He is a native of Maryland, was once a leader of the anti-Lane wing of the Democracy, but subsequently became a Lane man."

AFTER THE CONTEST.

Special Dispatch to the Oregonian.

WASHINGTON DATES TO OCTOBER 27.

[illegible] Nov. 2[illegible], 1861.

QUINCY, Ill., [illegible].—The St. Louis *Democrat* [illegible] of the Western Department [illegible] embarrassed [illegible] the [illegible] want of money [illegible] ago.

Frank Blair has gone to Washington for the purpose of prosecuting his charges against Fremont. He has not been with his regiment since the battle of Booneville.

WASHINGTON, Oct. 30.—Gen. Stone has published his report of the battle of Ball's Bluff. He states that Col. Baker acted with indiscretion, and exceeded his order, though he performed his duties with unexampled bravery.

A special dispatch says that there is no truth of the intended resignation of McClellan and Scott; also that an order for the removal of Fremont has been issued.

WASHINGTON, Oct. 30.—It is understood that Gen. McClellan has issued orders for shooting four soldiers, who were found guilty of sleeping on their picket posts.

NEW YORK, Oct. 30.—The jury in the *Savannah* pirate case reported that they could not agree, whereupon they were discharged.

QUINCY, Ill., Nov. 1st.—The St. Louis *Republican* of yesterday has the following dispatch:

SPRINGFIELD, Oct. 28th.—Gen. Fremont and staff arrived here yesterday and Benton's cadets, Col. Carr's cavalry, Maj. Holman's sharp shooters, and Gen. Sigel's command the same day and were received with delight.

The loss of Fremont's body guard in their desperate charge of Friday last, was fifteen killed, twenty-three wounded and twenty missing. Three of the wounded have since died. Doubtless many of the missing will report themselves. The rebel loss is sixty killed and four hundred wounded. They were commanded by Col. A. S. Johnson, Frazer, Price and Turner—the latter two of whom are said to have been killed.

NEW YORK, Oct. 31.—The pirate case stood eight for conviction, and four for acquittal.

A merchant of Brooklyn, named Brownell, visited Beauregard at his headquarters, one mile from Fortress Monroe, on Wednesday, last week, and conversed with him during the day. Beauregard said as far as he was concerned, he preferred acting entirely on the defensive, satisfied of a repulse of the Federal army whenever it made an advance. He denies that aliens were prevented from leaving the State of Virginia.

In regard to Kentucky, it is said that Gen. Sherman deems twenty thousand men necessary, though he is willing to fight the enemy with what he has. No large body of troops can be raised in the State, and its defense must rest on the States.

HALIFAX, Oct. 30.—The *Europa*, from Liverpool, brings 50,000 pounds of specie for Boston.

THE MALHEUR PARTY RETURNED.—O[illegible] correspondent at the Dalles under [illegible] of the 6th inst., writes:

"Most of the Malheur prospecting company have got in. While in the mountains the company divided into three parties. [illegible] the parties have arrived here, and [illegible] behind. The party [illegible] prospected [illegible] days on Powder river, about [illegible] from Grande Ronde Valley. Their [illegible] prospect was $1 25 to one pound of dirt. They are well satisfied with their prospects, and intend to go back in the Spring."

Items from the Mountaineer

Col. Cady has ordered the discharge of the troops enrolled by A. P. Dennison.

Four or five claims have been made and recorded for silver mines, lately discovered on Powder and other rivers. The ore has not yet been assayed.

The gallows is being erected for the hanging of the four Indian murderers.

The steamers *Tenino* and *Col. Wright* left Deschutes on Saturday last for Walla Walla. They had not been heard from on Tuesday night.

The *Mountaineer* has news from Salmon River to Oct. 20th. Miners had taken out five pounds of dust a day with a rocker. Most claims prospect from 10 cts to $5 per pan. A Dutchman took out $40 to a pan. Wages from $10 to $15 per day.

The last Washington *Standard* contains [illegible] communication from Gen. Tilton and some comments by the editor on the same. Taken both together, the case of the General is well cared for.

Coughs.—The sudden changes of our climate are sources of PULMONARY, BRONCHIAL and ASTHMATIC AFFECTIONS. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "*Brown's Bronchial Troches*" [illegible] let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually warded off. PUBLIC SPEAKERS and SINGERS will find them effectual for clearing and strengthening the voice. See advertisement.

Portland, May 1, 1861. dy

Long Tom was a favorite slave of Col. Bowers, a Maryland planter. Tom was the [illegible] maker of the plantation, and by working for himself after hours, [illegible] of years to save money enough to purchase his own freedom, or [illegible]

A happy man was Tom when he paid the last instalment of five hundred dollars into his master's hands, and received into his own hands "free papers."

"You are a free man now, Tom," said Col. Bowers, smiling, as he delivered over the documents.

"Yes, massa, thank de Lord, so I is!"

"And your own master!"

Tom started for a moment, and a new light seemed to break upon him. Grinning from ear to ear, he cried:

"Golly, so I is! not only a free man, but a massa! I'm Long Tom's massa! Golly, I've got a nigger of my own, and his name is Long Tom! The best nigger on the plantation, too! I bought him, and paid for him, and he is my nigger!"

The Irish know and feel that if destruction overtakes their adopted land, it will cast a pall over the prospects of their native land which centuries will fail to remove. The fall of this Government would be a death knell of their hopes, and they feel an equal interest with Americans, in maintaining and asserting to the world that the grand experiment of a republican form of Government is not a failure, and they enter the contest with all their national ardor and enthusiasm. Of their bravery and daring we have ample proof from the bloody field of Manassas, and we shall expect to see them continue in their noble career.

The desperate and arduous struggle Ireland has had for its freedom has elicited the sympathy of every admirer of civil and religious freedom, and Irishmen know and feel that in America they owe a debt of gratitude for the friendship and aid furnished the Emerald Isle, in her seasons of distress. Meagher in his recent address in Connecticut, truthfully tells them that this is an Irish fight, and if Irishmen do not sustain the only Government under which they have had reputation, fortune and good name, then, any one who speaks of Irish liberty, is a dreamer and a driveler.—*Red Bluff Beacon.*

Secession has brought untold evils on the Creek Indians. Among them is the breaking up of schools and suspension of Christian instruction. The boys and girls have gone back to heathenism.

J. Czapkay. I told him of my [illegible] and of my inability to reward him for his services, [illegible] of which, however, he at once undertook my [illegible] the blessing of God, I was once more restored [illegible] health. Unable to reward him for the boon which I [illegible] present, and yet conscious of my indebtedness, [illegible] due to myself and all afflicted, to make the case public [illegible] order that those in need of medical advice may [illegible] man in whom every confidence can be placed.
